Grasp & Grow

KeepCurrent EI

Dedicated to improving the efficiency and efficacy of early childhood education and early intervention.

INFORMED   PREPARED   PROACTIVE

ONE STOP SHOP

Easily manage services schedules, forms, parent signatures, billing, attendance, staff communication, parent communication, and files, all in one convenient place. With our user-friendly interface, you can easily access all of your information at a glance.

DESIGNED FOR EI

KeepCurrent EI was designed by Early Intervention for Early Intervention. We take guidance from Early Intervention administrators and service providers. The goal of KeepCurrent is to make EI as efficient and effective as possible. We know your time is extremely valuable. We're here to help.

FRIENDLY SOLUTIONS

It can be challenging to navigate the complexities of running an IU, whether it is tracking service time for billing, organizing caseloads, or preparing for state audits. Finding and organizing data is simple and convenient with little training needed.

TEAMS AND FAMILES

Communication is a keystone for informed administrators, successful IEP teams, and productive care giver relationships. KeepCurrent makes communication easy and efficient with Chat Walls for staff and parents, Email Blast for mass communication, digital forms, parent portal and notifications.

CHAT WALLS / EMAIL

Staff and Parent Chat Walls make communication convenient and consistent. Email Blast your emails with dynamic distribution lists.

REFERRALS

Receive and manage your Referrals through online submission, processing and status tracking.

STUDENT DATA

Manage student data such as demographics, medical and services data, and special dates. Add custom fields for data specific to you organization.

DASHBOARD

Instructor Dashboard for quick access to caseload, session creation, taking attendance, and scheduled students.

PARENT PORTAL

Parents can access session notes, chat with staff, sign forms and access files prepared just for them.

DIGITAL SIGNATURES

Use digital signatures to get quick sign-offs on forms from care givers and physicians.

FILE LIBRARIES

Upload and categorize files for the parent, team or organization. Get notifications about file updates.

FORMS

Pre-made auto-populating digital forms reduce data entry and minimize mistakes. They can be accessed by service providers, parents and physicians.

MA BILLING

Streamline your service hours tracking and MA Billing.

REPORTS

Be informed about caseloads, medical assistance, services provided, parent access and activity and more!

SESSIONS

Manage Sessions, goals and objectives. Track routines and strategies used. Record and plot session data. Track session progress and attendance.
